

Between Us Girls

Because **Our Health** Matters.

"Safe spaces for women to talk about sexual health are important because for too long the negative messages we hear around sex, sexuality, and our bodies has impacted the way in which we express our sexualities. We need a safe space to unpack, deconstruct, and reclaim!"

~ Serenity

- **1 in 48 black women will receive a diagnosis of HIV during their lifetime.**
- **1 in 9 women living with HIV are unaware of their status.**
- **Prevention options include knowing your status by getting tested, using condoms—male or female—and taking PrEP.**
