

“Safe spaces for women to talk about sexual health are important because no one knows or identifies with my experience like another woman.”

~ Tonya

Between Us Girls

HIV Prevention Begins **With Us**

- **1 in 48 black women will receive a diagnosis of HIV during their lifetime.**
- **1 in 9 women living with HIV are unaware of their status.**
- **Prevention options include knowing your status by getting tested, using condoms—male or female—and taking PrEP.**
